THE BATTLE IN OHIO.

Foraker and Hanna Forces Fighting
for Supremacy.

FIGHT TO A FINISH.

Which Ever Faction Wins in the Skirmish for Officers of the Legislature Will Settle Matters for the Next Two Years.

Columbus, Dec. 30.—The Ohio legislature which elects the successor of Senator Foraker, commences here next Monday. Party caucuses to nominate candidates for presiding officers and other positions in both branches of the general assembly will be held next Saturday night.

As the Republicans have a large majority in both houses and as there is no opposition to the re-election of Senator Foraker, the senatorial question for this session is settled, but there is a bitter contest in progress bearing on the re-election of Senator Hanna two years hence, as it is expected that a majority of the present Republican members will be re-elected to the next general assembly.

Senator Foraker is at his home in Cincinnati and Senator Hanna remains in Washington, neither is expected

SENATOR JOSEPH B. FORAKER

here this week but both are in constant communication with the leaders of their respective forces.

John B. Malley, secretary of the state committee and oil inspector under Gov. Nash, is manager of the Hanna forces and ex-State Chairman Charles L. Kurtz, who was private secretary to Senator Foraker as governor and who headed the fusion in the legislature against Hanna four years ago, is manager of the anti-Hanna forces.

It is claimed by the Hanna men that the present contest is the "same of fac-

ratio on Mexican dollars to \$2.10 Mexican silver for one American gold dollar, which was announced Dec. 26, is causing much dissatisfaction here. It is unsettling what were considered to have been fixed prices.

The Chickasha Fire.

Guthrie, O. T., Dec. 28.—The fire that started in Chickasha, I. T., on Christmas day caused a loss of \$75,000. The Armour Packing Company lost 60,000 pounds of meat, and the two banks were damaged greatly.

ALLEGED DISCREPANCY.

The Accounts of the State Health Department Said to Be Wrong.

Austin, Dec. 30.—There is a discrepancy in the office of the state health department. It covers a period of nearly two years and may reach into the thousands. State Health Officer Tabor has returned from an investigation of the various quarantine stations and states that affairs at the stations are not right.

State Revenue Agent Jameson, who is making the investigation, refused absolutely to say how much he thought the accounts are short.

AMERICAN WAY, BEST.

English Will Send Over a Delegation to Make Investigation.

New York, Dec. 30.—The plan suggested by Alfred Mosely, the Englishman who made a big fortune in the South African diamond fields, to send Englishmen to America to study commercial methods there, was endorsed by a recent meeting presided over by Lord Reay, chairman of the London school board, and as a result the first batch of pupils will leave here in August next for a four months' stay in the United States. It will consist of a commission of two or three members of parliament, the heads of some of the biggest business houses, a few labor leaders and representatives of the leading universities.

Mr. Mosely says that the American boy is brighter than the English boy, and consequently becomes a brighter man. Hence he believes that there must be something in the American educational system which is lacking in the English system, and this is one of the things that the commission is to try to discover. They will also study American methods of commerce and industry.

SYMPATHY WITH AMERICA.

If Germany and United States Have War British Favor the Latter.

London, Dec. 30.—Commenting on the London Times' statement from Washington that persons of considerable importance in official circles there profess to believe war between the United States and Germany inevitable, the St. James Gazette, though it does not believe such a disaster will be allowed to occur over the dispute in regard to the debts of Venezuela to Germany, says that if it does, there can be no doubt that British sympathies will be with America. At the same time the St. James Gazette expresses the hope that the United States will not allow such a state as Venezuela to gain the impression that they can reckon on the protection of Monroism if they choose to repudiate their obligations in Europe.

Freight Wrecked by a Rock.

Parkersburg, W. Va., Dec. 30.—Two men missing, one badly injured, one engine and four cars at the foot of an embankment, two other cars wrecked and 100 feet of track are torn up as a result of the collision with a heavy rock of the west bound freight train on Baltimore and Ohio railroad at No. 3, tunnel near Long Run early this morning. The engine struck a rock which had rolled down from the hill, just as train came out of the tunnel.

The two missing men are Fireman A. R. Hite and Brakeman E. B. Putnam, both of Crafton. They are probably beneath the wreck. Engineer Hop Goudy of Crafton was so seriously injured that he will probably not recover. Heavy rains loosened the rock.

Killed by a Deputy Sheriff.

Globe, A. T., Dec. 30.—Robert H. Hatfield, one of the Kentucky clan, has been shot and killed at the Troy mining camp in Pinal mountains. His slayer was Deputy Sheriff Devine, who had a warrant for his arrest on charge of wife beating. Hatfield sent word to officers that he would kill any man who tried to take him. Devine fired two shots over his head in an ineffectual effort to make the man understand his danger and then shot with fatal effect.

Northern Pacific Injunction Granted.

Minneapolis, Dec. 30.—Judge Elliott of the district court of Hennepin county has granted a temporary order restraining the officers of the Northern Pacific Railroad company from retiring preferred stock of that company. It is inferred, although it does not appear, that the present action is brought in behalf of the Harriman interest to prevent control passing out of its hands for another year or until the legal standing of the Northern Securities company are settled.

British Porter Under Arrest.

has arrested Uriah Porter, the alleged murderer of Wm. Fincher. Porter defied the community and Gov. Jelks ordered out a company of militia on Saturday to aid in his capture. Porter is now in jail at Opelika.

More Room for Insane.

Austin, Dec. 30.—The governor has announced that there would be room at the state insane asylum on Jan. 15 for 150 additional colored patients and 80 additional white patients.

Ultimatum to Venezuela.

London, Dec. 30.—A dispatch from the Central News from Berlin says it is believed to be certain here that an ultimatum will be issued within three days and that an attack on Venezuela will follow directly after.

Negro Dwarf Dead.

Marshall, Tex., Dec. 30.—Lige Smalley, a well known negro dwarf of this city, dropped dead in a saloon here Saturday evening. Though 53 years of age, he was only 48 inches in height, and perfectly formed. He was known throughout east Texas.

SENATOR MARCUS A. HANNA.

tional fight of 1897-98 over again." The Foraker men claim they are simply exercising their right to support their friends. Both factions have their respective tickets for caucus nominations and they are called Hanna and Foraker tickets as openly as designation of Democratic and Republican tickets in the campaigns. Four years contest did not end with party caucus, but it was carried into the legislature. It is conceded by both sides that the results of caucuses next Saturday night will be final this time.

Well Known To-omen Dead.

Nashville, Tenn., Dec. 30.—David C. Shafter, the well known turfman and one of the owners of Terminus, was found dead in bed at Gallatin. It is supposed an overdose of morphine taken to relieve nervousness caused his death.

A Butcher Robbed.

Martin's Ferry, O., Dec. 30.—Masked robbers entered the home of Thomas Yingling, a butcher, early Sunday morning and forced him, at the point of a revolver, to give up \$600. Later the police had a battle with two of the robbers, who were captured after a lively exchange of shots at close range. Four escaped.

Causing Dissatisfaction.

TUESDAY, DEC. 31, 1901.

FOR CONGRESS.

R. E. PRINCE, of Navarro county, subject to the Kansas City Democratic platform and the action of the Democratic party.

PRINCE FOR CONGRESS.

In this issue appears the announcement of Hon. R. E. Prince for congress from this district. Under the new apportionment act, Texas gets sixteen congressmen instead of thirteen, and Navarro, Limestone, Freestone, Robertson, Brazos and Milam counties form one of the new districts which now has no representative in congress.

Mr. Prince is Speaker of the House of Representatives of the Texas Legislature, and as such has made a record worthy of the best traditions of that exalted position. At the close of the session of the twenty-seventh legislature, Hon. Hampson Gary of Tyler, Smith county, introduced a resolution of thanks to the speaker, which, among other things, said: "We commend Mr. Prince as a pure, able and industrious public servant, and as a high type of the American gentleman," which resolution was adopted by a rising vote, showing the esteem in which associates held Mr. Prince.

In the anti-trust legislation which is now engaging so much public thought, Mr. Prince contributed important service. He was a member of the twenty-sixth legislature which passed the anti-trust statutes which are now being enforced, and aided in their passage.

He was a delegate appointed by the governor to represent Texas at the anti-trust convention in Chicago in 1899, and did his part in impressing that convention with Texas' idea against trusts.

He represented the state in re-

ceiving last spring the New York party which visited Texas for the purpose of examining the laws and conditions in Texas, and in his public speeches on that occasion gave emphatic utterance to the decided stand that Texas has taken against trusts and all unlawful combinations of capital, and thereby emphasized, in a way that fixed conviction everywhere, that Texas had taken an unyielding position on this question. He, on that occasion, aided in making manifest to the visitors the marvelous growth and opportunities of this state, and extended a generous and effective invitation to those who desired to become of us and obey the laws as we had passed them.

He was the permanent chairman of the Waco state democratic convention and presided with marked ability and fairness.

He is a graduate of the University of Tennessee and also of the law department of Cumberland University at Lebanon.

He came to Texas in 1882 and began the practice of law at Corsicana, where he has continually lived since that time, and is a member of the firm of McClellan & Prince.

CALVERT APPRECIATIVE.

Mayor Meredith Expresses Thanks for Assistance From Bryan.

Mayor J. S. Mooring is in receipt of the following letter which explains itself:

Calvert, Texas, Dec. 29, 1901. Hon. J. S. Mooring, Bryan: Dear Sir: Permit me to express to the Bryan Fire Department and citizens of your city our appreciation and deep gratefulness for their prompt action in offering aid to Calvert during the disastrous fire which raged here on the morning of the 28th instant, which resulted in the loss of two of our respected citizens and the severe injury to others, and the destruction of nearly a block of our best business property. The kindly solicitation of our sister city in this calamitous emergency has the heartfelt gratitude of the people of Calvert.

I have the honor to be, Yours respectfully, C. S. MEREDITH, Mayor.

Mrs. W. W. James returned to Austin yesterday after visiting Dr. J. W. Howell and family.

SHORT COURSE IN HORTICULTURE.

The Texas A. and M. College Will Give A Short Practical Course in Truck Farming and Fruit Culture This Winter.

The object of this short course in horticulture is to teach some of the fundamental principles underlying successful fruit culture and truck farming in Texas, to those who may care to take the work. The lectures will be especially prepared to benefit those actually engaged in this work, or who may contemplate doing so but who have not the time nor means to take a full collegiate course before settling down to his life work. The more difficult obstacles in the way of success along these lines will be made a special feature of this course. The man who would be most successful along these new lines of farming, now rapidly developing in Texas, must have special training. It will take years of costly experience to get this training by himself.

The horticultural department is better prepared to give practical instruction along the lines of truck farming and fruit growing than ever before in its history. The new horticultural building, just recently completed, is equipped with facilities for studying various phases of horticulture that are not surpassed in the south. In this building are excellent horticultural section rooms, laboratories, library, seed and tool rooms, cannery, evaporators, microscopes, etc. A new greenhouse will be ready for use during the winter for horticultural purposes. The hot beds and cold frames will be running and will afford practical instruction along the line of forcing early plants. The best spraying machines for insects and diseases will be used in the field. Various garden and orchard tools will be tested and the best ones for Texas will be recommended.

Since the horticulturist must have some animals, it is an important matter to know how to take care of them properly. Diseases of animals taught by Dr. Francis, will give practical information along this line.

Access can be had to the latest books and periodicals bearing on the various phases of horticulture, kept on file in the office of the horticulturist. Advice will be given in a collateral course of reading.

BUDDING, GRAFTING AND GENERAL NURSERY WORK.

Twelve lectures. The various methods of propagating the different plants will be discussed. Practical instruction will be given in laboratory, greenhouse and nursery. Required practice, ten hours. By Prof. White.

FRUIT CULTURE.

Thirty lectures and recitations. Both large and small fruits will be considered. Consideration of soils best adapted to fruit culture, drainage, soil preparation and cultivation; conservation of soil moisture by orchard tillage; laying out, setting and pruning orchards; packing and marketing fruits; culture of small fruits, such as strawberries, dewberries and blackberries; planting pecan orchards; vineyard culture and management, best varieties for different parts of the state will be considered. Required practice, ten hours. By Prof. Price.

TRUCK FARMING.

Forty recitations and lectures. Best soils for truck farming. Construction and management of hot beds and cold frames. Growing vegetables for the early markets, such as tomatoes, watermelons, cantaloupes, potatoes, snap beans, asparagus, cabbage, cauliflower, cucumbers, celery, onions; selecting and testing seed; packing for the northern markets; irrigation. Required practice, two and one-half hours per week. By Profs. White and Price.

INJURIOUS DISEASES AND INSECTS.

Twelve lectures. Nature and cure of diseases injurious to fruits and vegetables in Texas, commonly known as blights, rusts, mildews and rots. Best remedies and pre-

ventives for same. Diseased specimens will be exhibited and specimens of injurious insects will be shown. Description of insects that injure fruit and vegetable crops. Preparation and application of fungicides and insecticides. Spraying machinery. Practical instruction will be given in the field by appointment. By Prof. Price.

FERTILIZERS.

Five lectures. Home-made fertilizers, commercial fertilizers, best fertilizers for various horticultural crops. When and how to apply them. By Prof. Price.

CANNING AND EVAPORATING.

Five lectures. Canning machinery. Setting up canning machinery. How to can various fruits and vegetables. Exhibition of canning factory and evaporators. How small canneries may be successfully operated in small towns and communities. Sampling canned goods put up last year by the college cannery. By Prof. Price.

VETERINARY MEDICINE.

Twenty lectures. Diseases of animals and their treatment. By Dr. Francis.

Session begins January 3rd and ends March 17th. Expenses will be about \$40. For circular on short courses, write to secretary of the faculty or to myself. Short course students will not be required to drill. R. H. PRICE, Prof. Hort. and Mycology, College Station, Texas.

Prof. J. H. Connell and Prof. R. H. Price of College left yesterday to establish the new experiment station at Troupe.

To Cure Dyspepsia and Indigestion. Sour Stomach or Heartburn, take Rex Dyspepsia Tablets. All druggists are authorized to refund money if they fail to cure. Price 50 cents. M. H. James, the leading druggist, Bryan, Texas.

F. W. McConico went to Navasota yesterday. Mr. McConico is now traveling for the Central Texas Grocery company of Corsicana.

Perfection Oil Heaters—no smoke, no dust and no dirt. Just the thing for parlors, dining rooms and bath rooms. For sale by W. D. Lawrence, agent Waters-Pierce Oil Co. 38

Prof. H. H. Harrington has returned from Mississippi, and reports short cotton and corn crops in that state, but an abundance of rain recently.

To Cure Chills or Malaria in 4 Days. Take Quinoria. All druggists are authorized to refund the money in any case of chills, fever or malaria it fails to cure. Price 50c per package. M. H. James, the leading druggist, Bryan, Texas.

To Cure Malaria in Four Days. Take Quinoria. All druggists are authorized to refund the money in any case of chills, fever or malaria it fails to cure. Price 50c per package. M. H. James, the leading druggist, Bryan, Texas.

Horse lost—Black horse, very little white on face, white saddle marks on back; 15 hands high. \$5 reward for information leading to recovery. C. M. Spell. 27

Improving Religious Ceremonies. Mexico City, Dec. 30.—The function at the church of Our Lady of Guadalupe Sunday morning, at which the Pan-American congress delegates were present, was one of the grandest and most imposing religious ceremonies seen in Mexico for some time. The archbishop of Mexico officiated. In the procession the delegates of all the American nations took part, each carrying his country's flag. Although the members of the United States delegation were present and took part, the United States flag was carried in the procession by Gen. Frisbie, an old-time American resident of Mexico. Afterwards the flags were laid in turn on the high altar. After the service the archbishop held an informal reception and presented to each delegate a commemorative silver medal.

Assassination Near Emory. Emory, Tex., Dec. 30.—Charles Carter, residing four miles northwest of Emory, was shot and killed at his home about 7 o'clock last Saturday evening. He heard a noise in his yard and went to the outside door to investigate, when he was fired upon. He fell upon the front porch and died in about two hours. Forty-one buckshot penetrated his left breast just below the heart. Officers are making a diligent search, but thus far they have no clew, and no arrest has been made.

Remanded Without Bail. Brenham, Tex., Dec. 30.—The examining trial of Perry Wright, charged with the murder of his brother, Jim Wright, on Christmas night, was held by Judge Chappell. In addition to the statement of the defendant, who admits that he "hurt his brother," the testimony of Tim Middleton, Henry Brooks, Martha Armstead and Robert Middleton was taken. The testimony all in, Wright was remanded without bail.

TO SETTLE DISPUTES.

Numerous Controversies With England

Will Now Be Taken Up.

Washington, Dec. 30.—It is expected that efforts will be renewed before long for the settlement of the numerous controversies which have long existed between the United States and Great Britain, growing out of relations along the Canadian border, the Atlantic fisheries, warships on the great lakes, the Alaskan boundary and other questions. Heretofore the negotiations designed to secure a settlement of these matters have not proved effective, largely because of the cumbersome machinery of negotiations, and this has led to a belief that much more could be accomplished by direct negotiations between Secretary Hay and Lord Pauncefoot on the main points and the subsequent assembling of a commission representing the United States, Great Britain and Canada to give form to the basis of agreement rendered. The British authorities have expected for some time that when the Isthmian canal treaty was once disposed of, there would be a renewal of efforts to adjust the Alaskan boundary and other pending questions. Now such efforts will be attempted.

Killed in Public Road.

Dallas, Tex., Dec. 28.—The police were notified by telephone from Sheriff Clark of Fort Worth that a farmer named Joseph Greenburger had been shot and killed in the public road near Hanley during Friday afternoon. The description of a man was given and officers were posted to watch the bridges across the river with instructions to arrest any one answering the description.

Youngest Confederate Soldier.

New Orleans, Dec. 30.—Col. Ambrose Maginis, known as the youngest Confederate who enlisted in the Confederate army in 1862, at the boyish age of 14 years, died at the Waldorf Astoria in New York City Saturday evening. He had gone east for a rest, caught cold and died. He was owner of one of the largest cotton mills in the south and was one of the founders of the celebrated carnival organization, Comus.

Snow in Louisiana.

New Orleans, Dec. 30.—One-half of an inch of snow fell here Sunday morning. It was the first time in the history of the weather bureau that snow has fallen in New Orleans in the month of December. Six inches of the fleecy fell at Godchaux Reserve sugar plantation up the river in St. Charles parish. Four inches fell at Morgan City in St. Mary's parish. There was snow all over the State.

Christmas Tree Causes Fire.

Chicago, Dec. 30.—A Christmas tree loaded with inflammable ornaments and candles caused a fire here that destroyed the Alexander apartment building, a 6-story structure. The loss will exceed \$100,000. Twenty families lived in the building and the flames spread so rapidly that a score of persons barely escaped with their lives.

Quiet at Crawford.

Columbus, Ga., Dec. 30.—The latest reports from Crawford, Ala., to which place troops were ordered Saturday night to assist in the arrest of Porter charged with murder and to protect Porter, say the situation is unchanged except that the presence of the military has restored order. The sheriff has not been able to locate Porter.

EXCHANGE.

Deputy Sheriff Louis Reed has returned from a trip through the north end of Brazos county in search of a negro murderer. On Christmas night a negro named Will Shirley, from Madison county, was killed at a party at the house of a negro living on W. S. Hanover's place near Wheelock. There were several eye witnesses to the tragedy and it is said after the killing, the slayer walked away, stopped at the house of a relative a few miles distant and has not been seen since. The name of the negro charged with the crime is Isalah Granger.

TUESDAY, DEC. 31, 1901.

FOR CONGRESS.

R. E. PRINCE, of Navarro county, subject to the Kansas City Democratic platform and the action of the Democratic party.

PRINCE FOR CONGRESS.

In this issue appears the announcement of Hon. R. E. Prince for congress from this district. Under the new apportionment act, Texas gets sixteen congressmen instead of thirteen, and Navarro, Limestone, Freestone, Robertson, Brazos and Milam counties form one of the new districts which now has no representative in congress.

Mr. Prince is Speaker of the House of Representatives of the Texas Legislature, and as such has made a record worthy of the best traditions of that exalted position. At the close of the session of the twenty-seventh legislature, Hon. Hampson Gary of Tyler, Smith county, introduced a resolution of thanks to the speaker, which, among other things, said: "We commend Mr. Prince as a pure, able and industrious public servant, and as a high type of the American gentleman," which resolution was adopted by a rising vote, showing the esteem in which associates held Mr. Prince.

In the anti-trust legislation which is now engaging so much public thought, Mr. Prince contributed important service. He was a member of the twenty-sixth legislature which passed the anti-trust statutes which are now being enforced, and aided in their passage.

He was a delegate appointed by the governor to represent Texas at the anti-trust convention in Chicago in 1899, and did his part in impressing that convention with Texas' idea against trusts.

He represented the state in re-

ceiving last spring the New York party which visited Texas for the purpose of examining the laws and conditions in Texas, and in his public speeches on that occasion gave emphatic utterance to the decided stand that Texas has taken against trusts and all unlawful combinations of capital, and there-by emphasized, in a way that fixed conviction everywhere, that Texas had taken an unyielding position on this question. He, on that occasion, aided in making manifest to the visitors the marvelous growth and opportunities of this state, and extended a generous and effective invitation to those who desired to become of us and obey the laws as we had passed them.

He was the permanent chairman of the Waco state democratic convention and presided with marked ability and fairness.

He is a graduate of the University of Tennessee and also of the law department of Cumberland University at Lebanon.

He came to Texas in 1882 and began the practice of law at Corsicana, where he has continually lived since that time, and is a member of the firm of McClellan & Prince.

CALVERT APPRECIATIVE.

Mayor Meredith Expresses Thanks for Assistance From Bryan.

Mayor J. S. Mooring is in receipt of the following letter which explains itself:

Calvert, Texas, Dec. 29, 1901. Hon. J. S. Mooring, Bryan: Dear Sir: Permit me to express to the Bryan Fire Department and citizens of your city our appreciation and deep gratefulness for their prompt action in offering aid to Calvert during the disastrous fire which raged here on the morning of the 28th instant, which resulted in the loss of two of our respected citizens and the severe injury to others, and the destruction of nearly a block of our best business property. The kindly solicitation of our sister city in this calamitous emergency has the heartfelt gratitude of the people of Calvert.

I have the honor to be, Yours respectfully, C. S. MEREDITH, Mayor.

Mrs. W. W. James returned to Austin yesterday after visiting Dr. J. W. Howell and family.

SHORT COURSE IN HORTICULTURE.

The Texas A. and M. College Will Give A Short Practical Course in Truck Farming and Fruit Culture This Winter.

The object of this short course in horticulture is to teach some of the fundamental principles underlying successful fruit culture and truck farming in Texas, to those who may care to take the work. The lectures will be especially prepared to benefit those actually engaged in this work, or who may contemplate doing so but who have not the time nor means to take a full collegiate course before settling down to his life work. The more difficult obstacles in the way of success along these lines will be made a special feature of this course. The man who would be most successful along these new lines of farming, now rapidly developing in Texas, must have special training. It will take years of costly experience to get this training by himself.

The horticultural department is better prepared to give practical instruction along the lines of truck farming and fruit growing than ever before in its history. The new horticultural building, just recently completed, is equipped with facilities for studying various phases of horticulture that are not surpassed in the south. In this building are excellent horticultural section rooms, laboratories, library, seed and tool rooms, cannery, evaporators, microscopes, etc. A new greenhouse will be ready for use during the winter for horticultural purposes. The hot beds and cold frames will be running and will afford practical instruction along the line of forcing early plants. The best spraying machines for insects and diseases will be used in the field. Various garden and orchard tools will be tested and the best ones for Texas will be recommended.

Since the horticulturist must have some animals, it is an important matter to know how to take care of them properly. Diseases of animals taught by Dr. Francis, will give practical information along this line.

Access can be had to the latest books and periodicals bearing on the various phases of horticulture, kept on file in the office of the horticulturist. Advice will be given in a collateral course of reading.

BUDDING, GRAFTING AND GENERAL NURSERY WORK.

Twelve lectures. The various methods of propagating the different plants will be discussed. Practical instruction will be given in laboratory, greenhouse and nursery. Required practice, ten hours. By Prof. White.

FRUIT CULTURE.

Thirty lectures and recitations. Both large and small fruits will be considered. Consideration of soils best adapted to fruit culture, drainage, soil preparation and cultivation; conservation of soil moisture by orchard tillage; laying out, setting and pruning orchards; packing and marketing fruits; culture of small fruits, such as strawberries, dewberries and blackberries; planting pecan orchards; vineyard culture and management, best varieties for different parts of the state will be considered. Required practice, ten hours. By Prof. Price.

TRUCK FARMING.

Forty recitations and lectures. Best soils for truck farming. Construction and management of hot beds and cold frames. Growing vegetables for the early markets, such as tomatoes, watermelons, cantaloupes, potatoes, snap beans, asparagus, cabbage, cauliflower, cucumbers, celery, onions; selecting and testing seed; packing for the northern markets; irrigation. Required practice, two and one-half hours per week. By Profs. White and Price.

INJURIOUS DISEASES AND INSECTS.

Twelve lectures. Nature and cure of diseases injurious to fruits and vegetables in Texas, commonly known as blights, rusts, mildews and rots. Best remedies and pre-

ventives for same. Diseased specimens will be exhibited and specimens of injurious insects will be shown. Description of insects that injure fruit and vegetable crops. Preparation and application of fungicides and insecticides. Spraying machinery. Practical instruction will be given in the field by appointment. By Prof. Price.

FERTILIZERS.

Five lectures. Home-made fertilizers, commercial fertilizers, best fertilizers for various horticultural crops. When and how to apply them. By Prof. Price.

CANNING AND EVAPORATING.

Five lectures. Canning machinery. Setting up canning machinery. How to can various fruits and vegetables. Exhibition of canning factory and evaporators. How small canneries may be successfully operated in small towns and communities. Sampling canned goods put up last year by the college cannery. By Prof. Price.

VETERINARY MEDICINE.

Twenty lectures. Diseases of animals and their treatment. By Dr. Francis.

Session begins January 3rd and ends March 17th. Expenses will be about \$40. For circular on short courses, write to secretary of the faculty or to myself. Short course students will not be required to drill. R. H. PRICE, Prof. Hort. and Mycology, College Station, Texas.

Prof. J. H. Connell and Prof. R. H. Price of College left yesterday to establish the new experiment station at Troupe.

To Cure Dyspepsia and Indigestion. Sour Stomach or Heartburn, take Rex Dyspepsia Tablets. All druggists are authorized to refund money if they fail to cure. Price 50 cents. M. H. James, the leading druggist, Bryan, Texas.

F. W. McConico went to Navasota yesterday. Mr. McConico is now traveling for the Central Texas Grocery company of Corsicana.

Perfection Oil Heaters—no smoke, no dust and no dirt. Just the thing for parlors, dining rooms and bath rooms. For sale by W. D. Lawrence, agent Waters-Pierce Oil Co. 38

Prof. H. H. Harrington has returned from Mississippi, and reports short cotton and corn crops in that state, but an abundance of rain recently.

To Cure Chills or Malaria in 4 Days. Take Quinoria. All druggists are authorized to refund the money in any case of chills, fever or malaria it fails to cure. Price 50c per package. M. H. James, the leading druggist, Bryan, Texas.

To Cure Malaria in Four Days. Take Quinoria. All druggists are authorized to refund the money in any case of chills, fever or malaria it fails to cure. Price 50c per package. M. H. James, the leading druggist, Bryan, Texas.

Horse lost—Black horse, very little white on face, white saddle marks on back; 15 hands high. \$5 reward for information leading to recovery. C. M. Spell. 27

Improving Religious Ceremonies. Mexico City, Dec. 30.—The function at the church of Our Lady of Guadalupe Sunday morning, at which the Pan-American congress delegates were present, was one of the grandest and most imposing religious ceremonies seen in Mexico for some time. The archbishop of Mexico officiated. In the procession the delegates of all the American nations took part, each carrying his country's flag. Although the members of the United States delegation were present and took part, the United States flag was carried in the procession by Gen. Frisbie, an old-time American resident of Mexico. Afterwards in the presence of the archbishop the flags were laid in turn on the high altar. After the service the archbishop held an informal reception and presented to each delegate a commemorative silver medal.

Assassination Near Emory. Emory, Tex., Dec. 30.—Charles Carter, residing four miles northwest of Emory, was shot and killed at his home about 7 o'clock last Saturday evening. He heard a noise in his yard and went to the outside door to investigate, when he was fired upon. He fell upon the front porch and died in about two hours. Forty-one buckshot penetrated his left breast just below the heart. Officers are making a diligent search, but thus far they have no clue, and no arrest has been made.

Remanded Without Bail.

Brenham, Tex., Dec. 30.—The examining trial of Perry Wright, charged with the murder of his brother, Jim Wright, on Christmas night, was held by Judge Chappell. In addition to the statement of the defendant, who admits that he "kurt his brother," the testimony of Tim Middleton, Henry Brooks, Martha Armstead and Robert Middleton was taken. The testimony all in, Wright was remanded without bail.

Quiet at Crawford. Columbus, Ga., Dec. 30.—The latest reports from Crawford, Ala., to which place troops were ordered Saturday night to assist in the arrest of Porter charged with murder and to protect Porter, say the situation is unchanged except that the presence of the military has restored order. The sheriff has not been able to locate Porter.

MEN'S OUTFITTERS

Resolutions of Respect.

To the Bryan Business League:—
We, your committee appointed to draft suitable resolutions on the death of Col. L. L. Foster, beg leave to submit the following report:

Whereas, in the wisdom of God, the Hon. L. L. Foster, the late president of the Agricultural and Mechanical college, our friend, co-worker and much esteemed fellow citizen, has been removed from among us, and

Whereas, we recognized in him the spirit of undoubted integrity, fidelity, industry and great ability, hence we feel the great loss, in his death, to this community, the college and the state at large, therefore, be it

Resolved, that in the death of Mr. Foster this community, the A. and M. college and the state of Texas have all suffered a loss which words cannot express. His death touches a sympathetic chord in the heart of every one who knew him. In common with all, we subscribe our sincere testimony to his great worth as a private citizen, an official, a devoted husband, father and a true friend—we all mourn his loss.

Resolved, that these resolutions be spread upon the minutes of the Bryan Business League, and that a copy of same be sent to the bereaved family of our deceased friend, published in the local and state newspapers.

W. R. CAVITT,
J. L. FOUNTAIN,
F. M. LAW, JR.

Cisterns—Galvanized Iron Cisterns.

I make all sizes of galvanized iron cisterns and tanks. Cheap. See me and get my prices.

25

J. Allen Myers.

Miss Bertha Boyett of College left Sunday for Wheelock to attend the marriage of Miss Ada Dunn to Mr. Ernest Marsh of Sherman Wednesday evening.

Miss Arrie Cole will receive on New Year's from 3:30 to 6 o'clock, assisted by Miss McConico, Miss Conway, Miss Harbers, Miss Doramus, Miss Robinson, Miss Read and Miss Astin.

The L. & G. N. officials and those having in charge the arrangements for the banquet will attend the show in a body tonight. "The Minister's Son" is an attraction that the big railroad people cannot afford to miss.

Mr. George D. Tucker has purchased the Hartman House and will occupy it at once and will continue in the hotel business. He thanks his friends and customers for their patronage in the past and hopes for its continuance.

Mr. J. Allen Myers gave his employees a sumptuous oyster supper at the Cosmopolitan last night. This is an annual custom of Mr. Myers which is much appreciated by every one of his large force and by friends who are fortunate enough to happen around at the right time.

Mr. Ed Elliott of Edge called on the Eagle and reported a nice Christmas at Edge. A Christmas tree was successfully pulled off at Concord church, and the weather being fine, there was a large attendance and everybody enjoyed it. Mr. Elliott complains of the dry weather. Water is getting to be an object, and it is too dry to do much good at breaking land.

Photo Button Free.

On account of sickness I have had to close my rooms here in Bryan for a few days. Wait until I return for your photos and buttons. I will make you something fine.

E. GRIESER, Proprietor.

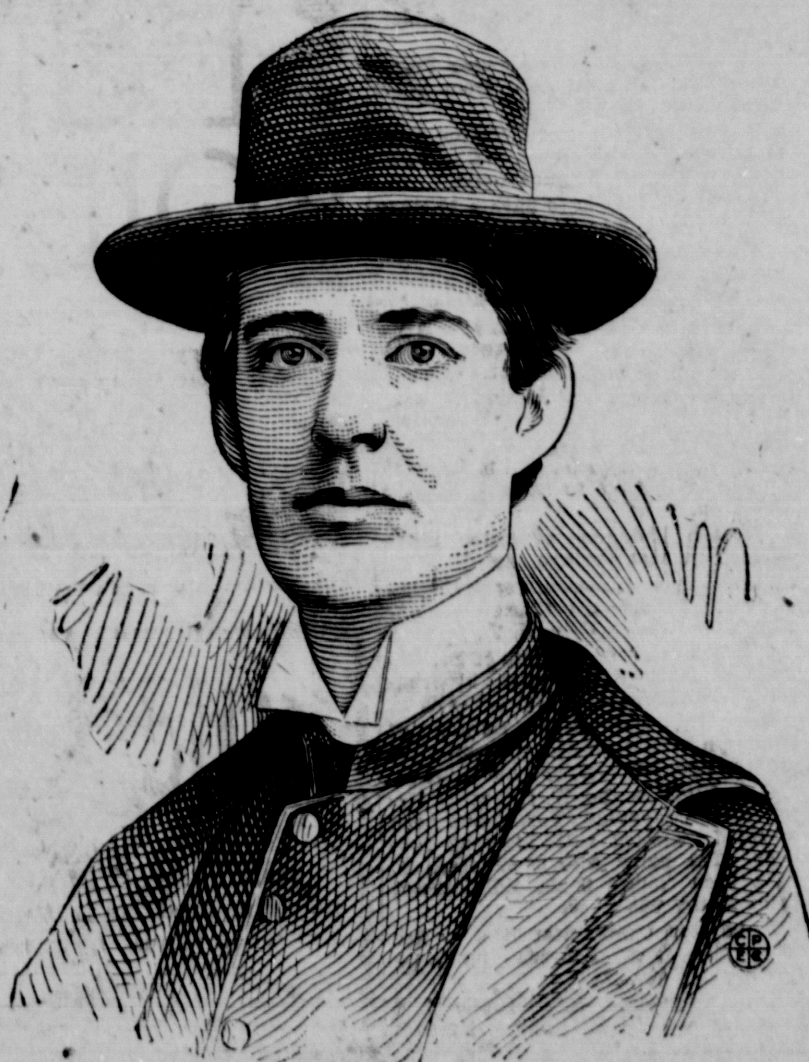

One of the most magnificent productions in history of our theater

—THE PECULIAR COMEDIAN—

MR. W. B. PATTON IN THE BEAUTIFUL PASTORAL PLAY

"The Minister's Son."

—A PAGE TORN FROM THE BOOK OF LIFE—

The St. Louis Star says of Mr. W. B. Patton in "The Minister's Son": "The performance from first to last sent thrills of joy, sorrow, pleasure and grief through the systems of several thousand people in attendance. W. B. Patton in the title role shines as a star. His work reminds one of Sol Smith Russell. His country drawl is inimitable, he seems simplicity personified. It is a hushed production."

"A magnificent production in every detail." (Wichita Eagle.)

"A great companion play to 'Down East.'" (Paris, Tex., Sentinel.)

"The Gainesville Texas Journal says: Two packed houses saw W. B. Patton as Simon Ray in 'The Minister's Son.' This pretty play was refreshing as a summer breeze. The play is full of naturalness and bright, quaint comedy, its pathos and mirth moved the audience alternately from laughter to tears and held their interest to the finish."

"The Best Dollar attraction in Denison this year (Denison Herald)"

The prices for this great production will not be advanced.

TUESDAY, DEC. 31, 1901.

FOR CONGRESS.

R. E. PRINCE, of Navarro county, subject to the Kansas City Democratic platform and the action of the Democratic party.

PRINCE FOR CONGRESS.

In this issue appears the announcement of Hon. R. E. Prince for congress from this district. Under the new apportionment act, Texas gets sixteen congressmen instead of thirteen, and Navarro, Limestone, Freestone, Robertson, Brazos and Milam counties form one of the new districts which now has no representative in congress.

Mr. Prince is Speaker of the House of Representatives of the Texas Legislature, and as such has made a record worthy of the best traditions of that exalted position. At the close of the session of the twenty-seventh legislature, Hon. Hampson Gary of Tyler, Smith county, introduced a resolution of thanks to the speaker, which, among other things, said: "We commend Mr. Prince as a pure, able and industrious public servant, and as a high type of the American gentleman," which resolution was adopted by a rising vote, showing the esteem in which associates held Mr. Prince.

In the anti-trust legislation which is now engaging so much public thought, Mr. Prince contributed important service. He was a member of the twenty-sixth legislature which passed the anti-trust statutes which are now being enforced, and aided in their passage.

He was a delegate appointed by the governor to represent Texas at the anti-trust convention in Chicago in 1899, and did his part in impressing that convention with Texas' idea against trusts.

He represented the state in re-

ceiving last spring the New York party which visited Texas for the purpose of examining the laws and conditions in Texas, and in his public speeches on that occasion gave emphatic utterance to the decided stand that Texas has taken against trusts and all unlawful combinations of capital, and thereby emphasized, in a way that fixed conviction everywhere, that Texas had taken an unyielding position on this question. He, on that occasion, aided in making manifest to the visitors the marvelous growth and opportunities of this state, and extended a generous and effective invitation to those who desired to become of us and obey the laws as we had passed them.

He was the permanent chairman of the Waco state democratic convention and presided with marked ability and fairness.

He is a graduate of the University of Tennessee and also of the law department of Cumberland University at Lebanon.

He came to Texas in 1882 and began the practice of law at Corsicana, where he has continually lived since that time, and is a member of the firm of McClellan & Prince.

CALVERT APPRECIATIVE.

Mayor Meredith Expresses Thanks for Assistance From Bryan.

Mayor J. S. Mooring is in receipt of the following letter which explains itself:

Calvert, Texas, Dec. 29, 1901. Hon. J. S. Mooring, Bryan:

Dear Sir: Permit me to express to the Bryan Fire Department and citizens of your city our appreciation and deep gratefulness for their prompt action in offering aid to Calvert during the disastrous fire which raged here on the morning of the 28th instant, which resulted in the loss of two of our respected citizens and the severe injury to others, and the destruction of nearly a block of our best business property. The kindly solicitation of our sister city in this calamitous emergency has the heartfelt gratitude of the people of Calvert.

I have the honor to be,

Yours respectfully,

C. S. MEREDITH, Mayor.

Mrs. W. W. James returned to Austin yesterday after visiting Dr. J. W. Howell and family.

SHORT COURSE IN HORTICULTURE.

The Texas A. and M. College Will Give A Short Practical Course in Truck Farming and Fruit Culture This Winter.

The object of this short course in horticulture is to teach some of the fundamental principles underlying successful fruit culture and truck farming in Texas, to those who may care to take the work. The lectures will be especially prepared to benefit those actually engaged in this work, or who may contemplate doing so but who have not the time nor means to take a full collegiate course before settling down to his life work. The more difficult obstacles in the way of success along these lines will be made a special feature of this course. The man who would be most successful along these new lines of farming, now rapidly developing in Texas, must have special training. It will take years of costly experience to get this training by himself.

The horticultural department is better prepared to give practical instruction along the lines of truck farming and fruit growing than ever before in its history. The new horticultural building, just recently completed, is equipped with facilities for studying various phases of horticulture that are not surpassed in the south. In this building are excellent horticultural section rooms, laboratories, library, seed and tool rooms, cannery, evaporators, microscopes, etc. A new greenhouse will be ready for use during the winter for horticultural purposes. The hot beds and cold frames will be running and will afford practical instruction along the line of forcing early plants. The best spraying machines for insects and diseases will be used in the field. Various garden and orchard tools will be tested and the best ones for Texas will be recommended.

Since the horticulturist must have some animals, it is an important matter to know how to take care of them properly. Diseases of animals taught by Dr. Francis, will give practical information along this line.

Access can be had to the latest books and periodicals bearing on the various phases of horticulture, kept on file in the office of the horticulturist. Advice will be given in a collateral course of reading.

BUDDING, GRAFTING AND GENERAL NURSERY WORK.

Twelve lectures. The various methods of propagating the different plants will be discussed. Practical instruction will be given in laboratory, greenhouse and nursery. Required practice, ten hours. By Prof. White.

FRUIT CULTURE.

Thirty lectures and recitations. Both large and small fruits will be considered. Consideration of soils best adapted to fruit culture, drainage, soil preparation and cultivation; conservation of soil moisture by orchard tillage; laying out, setting and pruning orchards; packing and marketing fruits; culture of small fruits, such as strawberries, dewberries and blackberries; planting pecan orchards; vineyard culture and management, best varieties for different parts of the state will be considered. Required practice, ten hours. By Prof. Price.

TRUCK FARMING.

Forty recitations and lectures. Best soils for truck farming. Construction and management of hot beds and cold frames. Growing vegetables for the early markets, such as tomatoes, watermelons, cantaloupes, potatoes, snap beans, asparagus, cabbage, cauliflower, cucumbers, celery, onions; selecting and testing seed; packing for the northern markets; irrigation. Required practice, two and one-half hours per week. By Profs. White and Price.

INJURIOUS DISEASES AND INSECTS.

Twelve lectures. Nature and cure of diseases injurious to fruits and vegetables in Texas, commonly known as blights, rusts, mildews and rots. Best remedies and pre-

ventives for same. Diseased specimens will be exhibited and specimens of injurious insects will be shown. Description of insects that injure fruit and vegetable crops. Preparation and application of fungicides and insecticides. Spraying machinery. Practical instruction will be given in the field by appointment. By Prof. Price.

FERTILIZERS.

Five lectures. Home-made fertilizers, commercial fertilizers, best fertilizers for various horticultural crops. When and how to apply them. By Prof. Price.

CANNING AND EVAPORATING.

Five lectures. Canning machinery. Setting up canning machinery. How to can various fruits and vegetables. Exhibition of canning factory and evaporators. How small canneries may be successfully operated in small towns and communities. Sampling canned goods put up last year by the college cannery. By Prof. Price.

VETERINARY MEDICINE.

Twenty lectures. Diseases of animals and their treatment. By Dr. Francis.

Session begins January 3rd and ends March 17th. Expenses will be about \$40. For circular on short courses, write to secretary of the faculty or to myself. Short course students will not be required to drill.

R. H. PRICE,

Prof. Hort. and Mycology, College Station, Texas.

Prof. J. H. Connell and Prof. R. H. Price of College left yesterday to establish the new experiment station at Troupe.

To Cure Dyspepsia and Indigestion. Sour Stomach or Heartburn, take Rex Dyspepsia Tablets. All druggists are authorized to refund money if they fail to cure. Price 50 cents. M. H. James, the leading druggist, Bryan, Texas.

F. W. McConico went to Navasota yesterday. Mr. McConico is now traveling for the Central Texas Grocery company of Corsicana.

Perfection Oil Heaters—no smoke, no dust and no dirt. Just the thing for parlors, dining rooms and bath rooms. For sale by W. D. Lawrence, agent Waters-Pierce Oil Co. 38

Prof. H. H. Harrington has returned from Mississippi, and reports short cotton and corn crops in that state, but an abundance of rain recently.

To Cure Chills or Malaria in 4 Days. Take Quinoria. All druggists are authorized to refund the money in any case of chills, fever or malaria it fails to cure. Price 50c per package. M. H. James, the leading druggist, Bryan, Texas.

To Cure Malaria in Four Days. Take Quinoria. All druggists are authorized to refund the money in any case of chills, fever or malaria it fails to cure. Price 50c per package. M. H. James, the leading druggist, Bryan, Texas.

Horse lost—Black horse, very little white on face, white saddle marks on back; 15 hands high. \$5 reward for information leading to recovery. C. M. Spell. 27

Improving Religious Ceremonies.

Mexico City, Dec. 30.—The function at the church of Our Lady of Guadalupe Sunday morning, at which the Pan-American congress delegates were present, was one of the grandest and most imposing religious ceremonies seen in Mexico for some time. The archbishop of Mexico officiated. In the procession the delegates of all the American nations took part, each carrying his country's flag. Although the members of the United States delegation were present and took part, the United States flag was carried in the procession by Gen. Frisbie, an old-time American resident of Mexico. Afterwards in the presence of the archbishop the flags were laid in turn on the high altar. After the service the archbishop held an informal reception and presented to each delegate a commemorative silver medal.

Assassination Near Emory.

Emory, Tex., Dec. 30.—Charles Carter, residing four miles northwest of Emory, was shot and killed at his home about 7 o'clock last Saturday evening. He heard a noise in his yard and went to the outside door to investigate, when he was fired upon. He fell upon the front porch and died in about two hours. Forty-one buckshot penetrated his left breast just below the heart. Officers are making a diligent search, but thus far they have no clew, and no arrest has been made.

Remanded Without Bail.

Brenham, Tex., Dec. 30.—The examining trial of Perry Wright, charged with the murder of his brother, Jim Wright, on Christmas night, was held by Judge Chappell. In addition to the statement of the defendant, who admits that he "killed his brother," the testimony of Tim Middleton, Henry Brooks, Martha Armstead and Robert Middleton was taken. The testimony all in, Wright was remanded without bail.

TO SETTLE DISPUTES.

Numerous Controversies With England Will Now Be Taken Up.

Washington, Dec. 30.—It is expected that efforts will be renewed before long for the settlement of the numerous controversies which have long existed between the United States and Great Britain, growing out of relations along the Canadian border, the Atlantic fisheries, warships on the great lakes, the Alaskan boundary and other questions. Heretofore the negotiations designed to secure a settlement of these matters have not proved effective, largely because of the cumbersome machinery of negotiations, and this has led to a belief that much more could be accomplished by direct negotiations between Secretary Hay and Lord Pauncefoot on the main points and the subsequent assembling of a commission representing the United States, Great Britain and Canada to give form to the basis of agreement rendered. The British authorities have expected for some time that when the Isthmian canal treaty was once disposed of, there would be a renewal of efforts to adjust the Alaskan boundary and other pending questions. Now such efforts will be attempted.

Killed in Public Road.

Dallas, Tex., Dec. 28.—The police were notified by telephone from Sheriff Clark of Fort Worth that a farmer named Joseph Greenburger had been shot and killed in the public road near Hanley during Friday afternoon. The description of a man was given and officers were posted to watch the bridges across the river with instructions to arrest any one answering the description.

Youngest Confederate Soldier.

New Orleans, Dec. 30.—Col. Ambrose Magin, known as the youngest Confederate who enlisted in the Confederate army in 1862, at the boyish age of 14 years, died at the Waldorf Astoria in New York City Saturday evening. He had gone east for a rest, caught cold and died. He was owner of one of the largest cotton mills in the south and was one of the founders of the celebrated carnival organization, Comus.

Snow in Louisiana.

New Orleans, Dec. 30.—One-half of an inch of snow fell here Sunday morning. It was the first time in the history of the weather bureau that snow has fallen in New Orleans in the month of December. Six inches of the fleecy fell at Godchaux Reserve sugar plantation up the river in St. Charles parish. Four inches fell at Morgan City in St. Mary's parish. There was snow all over the State.

Christmas Tree Causes Fire.

Chicago, Dec. 30.—A Christmas tree loaded with inflammable ornaments and candles caused a fire here that destroyed the Alexander apartment building, a 6-story structure. The loss will exceed \$100,000. Twenty families lived in the building and the flames spread so rapidly that a score of persons barely escaped with their lives.

Quiet at Crawford.

Columbus, Ga., Dec. 30.—The latest reports from Crawford, Ala., to which place troops were ordered Saturday night to assist in the arrest of Porter charged with murder and to protect Porter, say the situation is unchanged except that the presence of the military has restored order. The sheriff has not been able to locate Porter.

MONROE EDGE

HAS NOT

Resolutions of Respect.

To the Bryan Business League:—
We, your committee appointed to draft suitable resolutions on the death of Col. L. L. Foster, beg leave to submit the following report:

Whereas, in the wisdom of God, the Hon. L. L. Foster, the late president of the Agricultural and Mechanical college, our friend, co-worker and much esteemed fellow citizen, has been removed from among us, and

Whereas, we recognized in him the spirit of undoubted integrity, fidelity, industry and great ability, hence we feel the great loss, in his death, to this community, the college and the state at large, therefore, be it

Resolved, that in the death of Mr. Foster this community, the A. and M. college and the state of Texas have all suffered a loss which words cannot express. His death touches a sympathetic chord in the heart of every one who knew him. In common with all, we subscribe our sincere testimony to his great worth as a private citizen, an official, a devoted husband, father and a true friend—we all mourn his loss.

Resolved, that these resolutions be spread upon the minutes of the Bryan Business League, and that a copy of same be sent to the bereaved family of our deceased friend, published in the local and state newspapers.

W. R. CAVITT,
J. L. FOUNTAIN,
F. M. LAW, JR.

Cisterns—Galvanized Iron Cisterns.
I make all sizes of galvanized iron cisterns and tanks. Cheap. See me and get my prices.

25 J. Allen Myers.

Miss Bertha Boyett of College left Sunday for Wheelock to attend the marriage of Miss Ada Dunn to Mr. Ernest Marsh of Sherman Wednesday evening.

Miss Arrie Cole will receive on New Year's from 3:30 to 6 o'clock, assisted by Miss McConnico, Miss Conway, Miss Harbers, Miss Doremus, Miss Robinson, Miss Read and Miss Astin.

The L. & G. N. officials and those having in charge the arrangements for the banquet will attend the show in a body tonight. "The Minister's Son" is an attraction that the big railroad people cannot afford to miss.

Mr. George D. Tucker has purchased the Hortman House and will occupy it at once and will continue in the hotel business. He thanks his friends and customers for their patronage in the past and hopes for its continuance.

Mr. J. Allen Myers gave his employees a sumptuous oyster supper at the Cosmopolitan last night. This is an annual custom of Mr. Myers which is much appreciated by every one of his large force and by friends who are fortunate enough to happen around at the right time.

Mr. Ed Elliott of Edge called on the Eagle and reported a nice Christmas at Edge. A Christmas tree was successfully pulled off at Concord church, and the weather being fine, there was a large attendance and everybody enjoyed it. Mr. Elliott complains of the dry weather. Water is getting to be an object, and it is too dry to do much good at breaking land.

One of the most magnificent productions in history of our theater

—THE PECULIAR COMEDIAN—

MR. W. B. PATTON IN THE BEAUTIFUL
PASTORAL PLAY

"The Minister's Son."

♦♦ A PAGE TORN FROM THE BOOK OF LIFE ♦♦

The St. Louis Star says of Mr. W. B. Patton in "The Minister's Son": "The performance from first to last sent thrills of joy, sorrow, pleasure and grief through the systems of several thousand people in attendance. W. B. Patton in the title role shines as a star. His work reminds one of Sol Smith Russell. His country drawl is inimitable, he seems simplicity personified. It is a hushed production."

"A magnificent production in every detail." (Wichita Ka. Eagle.)

"A great companion play to 'Down East.'" (Paris, Tex. Sentinel.)

Special Low Prices on OVER- COATS

In order to reduce our stock before invoicing, we will offer from now until January 1st special low prices on our entire stock of fine overcoats. These overcoats are all this seasons goods made by one of the finest tailoring concerns in America. Don't miss this chance of getting a fine overcoat just at the beginning of winter, at way below the regular retail price.

Parks & Waldrop

MEN'S OUTFITTERS

Clark Winslow returned to Galveston Sunday.
W. H. Dean returned Sunday from a visit to relatives at Ennis.
A. J. Edwards and S. W. Meredith were here from Millican yesterday.
John V. Currie was here from Huntsville Sunday.
J. E. Foster and wife of Brenham have been spending Christmas with J. E. Foster, Jr., near Bryan.
Henry Pierce and wife returned to Palmer, Texas, Sunday after visiting R. M. Henry and family near Bryan.
Joseph Gelber has arrived from Tyler to make arrangements for the removal of B. Kaczer's dry goods business back to Bryan. Mr. Kaczer will occupy the McConico building.

Resolutions of Respect.

To the Bryan Business League:—
We, your committee appointed to draft suitable resolutions on the death of Col. L. L. Foster, beg leave to submit the following report:
Whereas, in the wisdom of God, the Hon. L. L. Foster, the late president of the Agricultural and Mechanical college, our friend, co-worker and much esteemed fellow citizen, has been removed from among us, and
Whereas, we recognized in him the spirit of undoubted integrity, fidelity, industry and great ability, hence we feel the great loss, in his death, to this community, the college and the state at large, therefore, be it

Resolved, that in the death of Mr. Foster this community, the A. and M. college and the state of Texas have all suffered a loss which words cannot express. His death touches a sympathetic chord in the heart of every one who knew him. In common with all, we subscribe our sincere testimony to his great worth as a private citizen, an official, a devoted husband, father and a true friend—we all mourn his loss.
Resolved, that these resolutions be spread upon the minutes of the Bryan Business League, and that a copy of same be sent to the bereaved family of our deceased friend, published in the local and state newspapers.

F. M. LAW, JR.

Cisterns—Galvanized Iron Cisterns.

I make all sizes of galvanized iron cisterns and tanks. Cheap. See me and get my prices.

J. Allen Myers.

Miss Bertha Boyett of College left Sunday for Wheelock to attend the marriage of Miss Ada Dunn to Mr. Ernest Marsh of Sherman Wednesday evening.

Miss Arrie Cole will receive on New Year's from 3:30 to 6 o'clock, assisted by Miss McConico, Miss Conway, Miss Harbers, Miss Doremus, Miss Robinson, Miss Read and Miss Astin.

The L. & G. N. officials and those having in charge the arrangements for the banquet will attend the show in a body tonight. "The Minister's Son" is an attraction that the big railroad people cannot afford to miss.

Mr. George D. Tucker has purchased the Horton House and will occupy it at once and will continue in the hotel business. He thanks his friends and customers for their patronage in the past and hopes for its continuance.

Mr. J. Allen Myers gave his employees a sumptuous oyster supper at the Cosmopolitan last night. This is an annual custom of Mr. Myers which is much appreciated by every one of his large force and by friends who are fortunate enough to happen around at the right time.

Mr. Ed Elliott of Edge called on the Eagle and reported a nice Christmas at Edge. A Christmas tree was successfully pulled off at Concord church, and the weather being fine, there was a large attendance and everybody enjoyed it. Mr. Elliott complains of the dry weather. Water is getting to be an object, and it is too dry to do much good at breaking land.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has
been branded by the most compe-
tent authorities. They have dis-
pelled the silly notion that one kind
of food is needed for brain, another
for muscles, and still another for
bones. A correct diet will not only
nourish a particular part of the body,
but it will sustain every other part.
Yet, however good your food may
be its nutriment is destroyed by in-
digestion or dyspepsia. You must
prepare for their appearance or pre-
vent their coming by taking regular
doses of Gredin's August Flower, the
favorite medicine of the healthy
millions. A few doses aids diges-
tion, stimulates the liver to healthy
action, purifies the blood, and makes
you feel buoyant and vigorous. You
can get Dr. G. G. Green's reliable
remedies at Wilson-Jenkins Drug
Co.'s store. Get Green's Special Al-
manac. dtf

A SERIES OF WRECKS DAMAGE FROM FLOODS

Worst Is a Collision Between Pas-
senger and Freight.

FOUR PERSONS DEAD.

Twenty-Nine Were Injured, Some Be-
ing Fatally Hurt—Part of Train
Burned—Several Wrecks
Caused by Floods.

Chicago, Dec. 30.—Four persons were
killed and 29 injured, several of them
possibly fatally, in a collision on the
Chicago and Northwestern railway
Sunday at Malta, Ill., 60 miles west of
Chicago. The trains in collision were
the "Omaha flyer," an eastbound pas-
senger train, and an eastbound freight
train. The wreck caught fire and two
passenger coaches, one sleeper and
eight freight cars were burned, and a
sleeping car was partly burned.

The dead:

George W. Rudy, 13 North Thirty-
second avenue, Omaha.
Mrs. George W. Rudy, Omaha.
D. O. Nichols, Council Bluffs, Ia.
E. B. Duncan, sleeping car porter,
Chicago.

The freight had taken a siding at
Malta, but the train was longer than
the siding and the freight locomotive
protruded upon the main track beyond
the side track. The incoming train
from the west was not stopped until
the two locomotives "cornered" at the
switch, the passenger engine being
thrown into the ditch and several
coaches piling upon the wreck. The
cars caught fire from the locomotive.

Officials of the railroad claim the
switch at the east end of the siding
was opened through mistake and that
the responsibility probably lies with
some member of the crew of the
freight train.

Street Car Smashed.

Birmingham, Ala., Dec. 30.—An
East Lake street car collided with a
number of freight cars attached to a
switch engine at Twenty-seventh street
and First avenue early Sunday, and
one man was killed and two others in-
jured.

Washouts Causes Wrecks.

Opelika, Ala., Dec. 30.—Two wrecks
occurred on the Western Railroad of
Alabama Saturday night on account of
heavy rains, which flooded the track,
causing two embankments to give way.
One man was killed, three injured and
the loss is heavy.

Landslide Results Disastrously.

Lynchburg, Va., Dec. 30.—A landslide
on the Chesapeake and Ohio railroad
near Reusen's Station, five miles west
of Lynchburg on the James River
branch, caused a wreck in which the
engineer, conductor, fireman and bag-
gageman of a passenger train were
killed and several other persons in-
jured, but none of them seriously. The
slide was caused by washouts due to
the heavy rains.

Wreck at a Crossing.

Springfield, Ill., Dec. 30.—The south-
bound "Diamond Special" on the Illi-
nois Central was wrecked Sunday
morning at Starness Crossing, three
miles east of here. Engineer McCorm-
ick of Clinton was injured on the
head and back, and his injuries may
be serious. Fireman John Wainwright
of Clinton was slightly injured.

Robbed of Their Gold.

Washington, Ga., Dec. 30.—The
Misses Battle, two elderly maiden
ladies living at Barnett Junction, on
the Washington branch of the Geor-
gia railroad, were robbed early Sun-
day of \$6000 in gold. When the rob-
bers entered the house the women,
hearing a noise, investigated and light-
ed a lamp. The robbers dashed a
bucket of cold water on the one hold-
ing the lamp and overawed them. The
ladies claim to have recognized one of
the robbers.

Jumped from Brooklyn Bridge.

New York, Dec. 30.—John Pinover, a
young wholesale liquor dealer of Mid-
dletown, N. Y., jumped from the
Brooklyn bridge. He is still alive at a
hospital. Pinover told the doctors he
simply wanted to see if he could make
the jump and live. The leap was taken
in the afternoon from the girders near
the New York tower. A tug lowered a
boat and the man was taken out of the
water apparently lifeless. At the hos-
pital he was unconscious for three
hours.

Twenty Japanese Drowned.

Vancouver, B. C., Dec. 30.—Twenty
Japanese are missing from Stevenson
and are supposed to have been killed
or drowned in the destruction of a
Japanese boardinghouse between Stev-
enston and Point Roberts on Thursday
morning. The boarding-house stood
out on piles and not a vestige of the
structure now remains. The place
was two miles from Stevenson and it
was impossible to reach it during the
storm.

Peach Traffic for East Texas.

Pittsburg, Tex., Dec. 30.—Over 100-
000 peach trees have been received at
this place so far this season, and will
be planted around Pittsburg. The
truck growers have placed advance or-
ders for four cars of seed potatoes, and
will also plant a large acreage in can-
taloupes and tomatoes. Experienced
men have been employed to grow
plants and instruct the farmers in the
latest and most scientific methods of
farming.

Besides the Loss of Life Much Prop-
erty Is Destroyed.

THE WORST IS OVER.

As Far as Known Only Four Lives
Were Lost—The Rainfall in Ten-
nessee Heavy—Water Is Re-
ceding in Pennsylvania.

Atlanta, Dec. 30.—Torrential rains
of the past two days in Georgia, Ala-
bama and Eastern Tennessee and por-
tions of North Carolina, have caused
the death of four persons as far as
known and inflicted serious damage to
all kinds of property. The rains have
been followed by clearing and much
colder weather, accompanied by high
winds.

Worst of the Flood Over.

Pittsburg, Dec. 30.—The threatened
flood as a result of the heavy rainfall
of Saturday and Sunday has been
averted by a cold snap and rivers at
this point will not reach over the 20
foot stage.

An ice gorge was forced between
the Fort Wayne bridge piers by an im-
mense volume of water and some false
work under the new bridge was torn
away, but the structure was not dam-
aged. About 25 loaded coal barges ly-
ing along the bridge on the Allegheny
side were torn from their moorings
and forced upon the river avenue.
They were badly damaged as was con-
siderable freight in cars along the
Pittsburg and Western railroad tracks.
The loss to property will amount to
several thousand dollars. The river is
rapidly being cleared of ice and no
more damage is expected.

Freshet in the Schuylkill.

Philadelphia, Dec. 30.—The rain
which has fallen almost incessantly
since Saturday evening has resulted in
dangerous freshets in the Schuylkill
river. All of the big industrial plants
along the Schuylkill at Mana Yunk
and Norristown, near here, are flood-
ed and work has been suspended. Traf-
fic has not yet been seriously handi-
capped. In this city the river is out
of the banks near the Baltimore and
Ohio railroad station. Cellars of
dwellings are flooded and many resi-
dences along the river had to seek
safer quarters.

Three Inches of Rain.

Chattanooga, Tenn., Dec. 30.—An av-
erage of three inches of rainfall over
the Tennessee river basin since Satur-
day has sent the water over 33 feet
to the danger line here. The water is
still rising at the rate of four inches
an hour. Tennessee flood warning ser-
vice announces the river will go over
40 feet. Merchants in the business
section of the city are removing all
goods from their basements in expec-
tation that they will be flooded.

Train Service Crippled.

Asheville, N. C., Dec. 30.—The storm
the past two days has played havoc
with the train service. Traffic from
the west on the Southern railway has
been completely blocked since Sunday
morning. The track has been washed
out at several places on the Murphy
division. Trains on the Asheville and
Spartanburg division are waterbound
at Campobello.

Trains in Alabama Delayed.

Montgomery, Dec. 30.—All outgoing
trains from Montgomery are delayed
on account of washouts. On the Lou-
isville and Nashville a passenger train
from the south ran into a washout
near Bushy creek. The engine and
postal and baggage cars dropped off
the track into the washout, but no one
was hurt.

Ship's Perilous Voyage.

New York, Dec. 30.—One hundred
and thirty-seven days at sea, during
which time two of her crew were bur-
ied and a score or more of gales en-
countered to imperil the lives of the
survivors, is the record of the ship
Paul Revere, which has just arrived
from Japan via Cape Horn. Aug. 14,
the Revere, of which Capt. Wilson is
the skipper, sailed away from Kobe
for New York.

Dr. Mackie Seriously Ill.

New York, Dec. 30.—Dr. Jas. Snyder
Mackie is ill at his home at Newark,
N. J., the result of an attack of ap-
oplexy, and physicians say he cannot
recover. Dr. Mackie is 77 years old.
He was born in Cincinnati in 1824, and
has lived in Newark since 1864. Under
President Lincoln he was United
States commissioner to Bolivia and
Chili.

An Engineer Killed.

Memphis, Dec. 30.—D. M. Ray, a
locomotive engineer, was shot and
killed on a Yazoo and Mississippi Val-
ley train near Leland, Miss., by four
men who subsequently forced the en-
gineer in charge of the cab to cut loose
the engine and take them to Cleve-
land. Ashley Cook, A. M. Phipps,
Blackman and Lauderdale are under
arrest charged with the murder.

Frank Peavey Dead.

Chicago, Dec. 30.—Frank H. Peavey,
the Minneapolis elevator man, died at
the Auditorium annex here. Mr. Pea-
vey was stricken with pneumonia sev-
eral days ago, and only Sunday his
physician felt confident that he would
recover.

British Loss Still Growing.

London, Dec. 30.—The war office has
issued a further list of British casual-
ties at Zeefontein, showing 50 men
wounded and 246 made prisoners. The
latter have all been released.

ROBBED OF DIAMONDS.

Paul Thebaud Loses \$50,000 Worth of
Jewelry at New York City.
New York, Dec. 30.—Mr. and Mrs.
Paul G. Thebaud, of Madison avenue,
were robbed Sunday of jewelry worth
\$50,000. This was corroborated by Mr.
Thebaud himself at the headquarters
where, in company with a member of
the firm from whom most of the jewel-
ry had been stolen, he gave to the po-
lice a partial list of the jewels taken.
The robbery is said by the police, and
also by Mr. Thebaud, to have been the
work of a newly engaged valet who
had been employed by Mr. Thebaud
but two weeks. The valet is missing,
and the butler, who recommended him
is under police surveillance.

Will Represent the United States.

Washington, Dec. 30.—Hon. J. L. M.
Curry of this city has been selected by
the president to represent the United
States at Madrid on the occasion of the
"coming of age" of the young King
Alfonso XIII on May 17. Dr. Curry
was the United States minister to
Spain from 1895 to 1899, the first ad-
ministration of President Cleveland.
He was present in his official capacity
at the palace when the king made
his advent into the world. Mrs. Curry
will accompany him.

Boer Meeting at Topeka.

Topeka, Dec. 30.—Two thousand
people attended a pro-Boer meeting
here Sunday, and resolutions urging
England to invite the president of the
United States and the ruler of Den-
mark to act as arbitrators in the set-
tlement of the war were adopted. The
resolutions were carried to London.
Addresses were made by David
Overmeyer, General J. K. Hudson and
others.

Charged With Being a Trust.

Columbia, S. C., Dec. 30.—South Car-
olina, through her attorney general,
has begun suit against the Virginia-
Carolina Chemical company, charging
it with being a "trust" and monopoly.
Under the same act that this suit is
brought six of the largest South Car-
olina phosphate companies that have
been purchased by the Virginia-Caroli-
na Chemical company are sued in the
same action.

Smallpox on a Train.

Paris, Tex., Dec. 30.—A Choctaw In-
dian from near Goodland, I. T., came
in on the Frisco Friday morning with
a fully developed case of smallpox. He
was taken charge of by the authorities.

Cotton Destroyed by Fire.

Hope, Ark., Dec. 30.—Between 800
and 1000 bales of cotton burned here
at the Planters' warehouse on the rail-
road platform adjoining. Loss \$50-
000.

NEWS IN BRIEF.

Ike Thomas, a nero, was run over
by a Santa Fe passenger train and killed
near Paris, Tex.

Eddie Boden, aged 12 years, has lost
both eyes as the result of a firing a toy
cannon on Christmas morning.

Three young girls were arrested
near Paris, Tex., charged with being
boisterous on Christmas night.

J. R. Nobles of Blue ridge, Tex.,
took an overdose of morphine and
died from the effects.

The body of an unknown negro was
found floating in the Neches river at
Beaumont, Tex.

In a drunken fury William Boles of
Irvine Depot, Ky., shot and killed his
father and mother.

Governor Odell of New York is op-
posed to saloons being opened on Sun-
days and will try to have a law passed
to that effect.

Itasca, Tex., has voted for a special
school tax. The vote being 164 for and
157 against.

Will Mayfield, a laborer of Rose-
pine, La., was struck by a Kansas
City Southern passenger train and
fatally hurt.

The 5-year-old son of John Sparks
of Grandview, Tex., was kicked by a
horse and died soon afterwards.

T. C. Adams, a farmer living near
Midyett, Tex., shot himself in the head,
dying instantly.

Ike Richardson, living near Cle-
burne, Tex., took a 40-pound water-
melon to town and sold it to a mer-
chant.

William Abrams, living near Potts-
boro, Tex., dropped dead from heart
disease.

G. Herbert Brown of Houston, Tex.,
and editor of the Houston Chronicle,
died in that city of pneumonia.

New York City is to have a 20-story
hotel to cost over \$3,000,000.

A section crew on the San Antonio
railroad was run down by a passen-
ger train and one Mexican killed.

Mrs. Ross of Hieto, Tex., has given
birth to the third pair of twins. The
two first were boys, the last was girls.

J. C. Galbraith of Bonham, Tex.,
was run over and killed while switch-
ing at that place.

Four new rice mills will be built in
Louisiana in time to handle the next
rice crop.

Herman Hoffman of Iowa killed
himself at Hot Springs, Ark.

Rev. James Cameron, rector of the
Protestant Episcopal Church of the
Ascension, Jersey City, N. J., is dead.

The collection of pictures of Dr. Ca-
pellmeister of Vienna, bought by Sena-
tor Clark of Montana, cost \$20,000.

Rev. Dr. Charles M. Heria, of
Brooklyn, who was stricken blind some
months ago, has regained his sight.

C. S. Hudgins and W. I. Maples, liv-
ing near Grapevine, Tex., have been
arrested, charged with highway rob-
bery. The party who is supposed to
have been robbed is an old negro;
the amount was \$1.29.

Three stores were destroyed by fire
at Quinlan, Tex., Thursday morning.
Los about \$7000.

C. N. Moody of Atlanta, Mo., paid
\$2000 for a Galloway bull. Highest
price on record.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has
been branded by the most compe-
tent authorities. They have dis-
pelled the silly notion that one kind
of food is needed for brain, another
for muscles, and still another for
bones. A correct diet will not only
nourish a particular part of the body,
but it will sustain every other part.
Yet, however good your food may
be its nutriment is destroyed by in-
digestion or dyspepsia. You must
prepare for their appearance or pre-
vent their coming by taking regular
doses of Green's August Flower, the
favorite medicine of the healthy
millions. A few doses aids diges-
tion, stimulates the liver to healthy
action, purifies the blood, and makes
you feel buoyant and vigorous. You
can get Dr. G. G. Green's reliable
remedies at Wilson-Jenkins Drug
Co.'s store. Get Green's Special Al-
manac. dtf

A SERIES OF WRECKS DAMAGE FROM FLOODS

Worst Is a Collision Between Pas-
senger and Freight.

FOUR PERSONS DEAD.

Twenty-Nine Were Injured, Some Be-
ing Fatally Hurt—Part of Train
Burned—Several Wrecks
Caused by Floods.

Chicago, Dec. 30.—Four persons were
killed and 29 injured, several of them
possibly fatally, in a collision on the
Chicago and Northwestern railway
Sunday at Malta, Ill., 60 miles west of
Chicago. The trains in collision were
the "Omaha flyer," an eastbound pas-
senger train, and an eastbound freight
train. The wreck caught fire and two
passenger coaches, one sleeper and
eight freight cars were burned, and a
sleeping car was partly burned.

The dead:
George W. Rudy, 13 North Thirty-
second avenue, Omaha.
Mrs. George W. Rudy, Omaha.
D. O. Nichols, Council Bluffs, Ia.
E. B. Duncan, sleeping car porter,
Chicago.

The freight had taken a siding at
Malta, but the train was longer than
the siding and the freight locomotive
protruded upon the main track beyond
the side track. The incoming train
from the west was not stopped until
the two locomotives "cornered" at the
switch, the passenger engine being
thrown into the ditch and several
coaches piling upon the wreck. The
cars caught fire from the locomotive.

Officials of the railroad claim the
switch at the east end of the siding
was opened through mistake and that
the responsibility probably lies with
some member of the crew of the
freight train.

Street Car Smashed.

Birmingham, Ala., Dec. 30.—An
East Lake street car collided with a
number of freight cars attached to a
switch engine at Twenty-seventh street
and First avenue early Sunday, and
one man was killed and two others in-
jured.

Washouts Causes Wrecks.

Opelika, Ala., Dec. 30.—Two wrecks
occurred on the Western Railroad of
Alabama Saturday night on account of
heavy rains, which flooded the track,
causing two embankments to give way.
One man was killed, three injured and
the loss is heavy.

Landslide Results Dismal.

Lynchburg, Va., Dec. 30.—A landslide
on the Chesapeake and Ohio railroad
near Reusen's Station, five miles west
of Lynchburg on the James River
branch, caused a wreck in which the
engineer, conductor, fireman and bag-
gageman of a passenger train were
killed and several other persons in-
jured, but none of them seriously. The
slide was caused by washouts due to
the heavy rains.

Wreck at a Crossing.

Springfield, Ill., Dec. 30.—The south-
bound "Diamond Special" on the Illi-
nois Central was wrecked Sunday
morning at Starness Crossing, three
miles east of here. Engineer McCorm-
ick of Clinton was injured on the head
and back, and his injuries may be
serious. Fireman John Wainwright
of Clinton was slightly injured.

Robbed of Their Gold.

Washington, Ga., Dec. 30.—The
Misses Battle, two elderly maiden
ladies living at Barnett Junction, on
the Washington branch of the Geor-
gia railroad, were robbed early Sun-
day of \$6000 in gold. When the rob-
bers entered the house the women,
hearing a noise, investigated and light-
ed a lamp. The robbers dashed a
bucket of cold water on the one hold-
ing the lamp and overawed them. The
ladies claim to have recognized one of
the robbers.

Jumped from Brooklyn Bridge.

New York, Dec. 30.—John Pinover, a
young wholesale liquor dealer of Mid-
dletown, N. Y., jumped from the
Brooklyn bridge. He is still alive at a
hospital. Pinover told the doctors he
simply wanted to see if he could make
the jump and live. The leap was taken
in the afternoon from the girders near
the New York tower. A tug lowered a
boat and the man was taken out of the
water apparently lifeless. At the hos-
pital he was unconscious for three
hours.

Twenty Japanese Drowned.

Vancouver, B. C., Dec. 30.—Twenty
Japanese are missing from Stevenson
and are supposed to have been killed
or drowned in the destruction of a
Japanese boardinghouse between Stev-
enson and Point Roberts on Thursday
morning. The boarding-house stood
out on piles and not a vestige of the
structure now remains. The place
was two miles from Stevenson and it
was impossible to reach it during the
storm.

Peach Traffic for East Texas.

Pittsburg, Tex., Dec. 30.—Over 100-
000 peach trees have been received at
this place so far this season, and will
be planted around Pittsburg. The
truck growers have placed advance
orders for four cars of seed potatoes,
and will also plant a large acreage in
cantaloupes and tomatoes. Experienced
men have been employed to grow
plants and instruct the farmers in the
latest and most scientific methods of
farming.

Besides the Loss of Life Much Prop-
erty Is Destroyed.

THE WORST IS OVER.

As Far as Known Only Four Lives
Were Lost—The Rainfall in Ten-
nessee Heavy—Water Is Re-
ceding in Pennsylvania.

Atlanta, Dec. 30.—Torrential rains
of the past two days in Georgia, Ala-
bama and Eastern Tennessee and por-
tions of North Carolina, have caused
the death of four persons as far as
known and inflicted serious damage to
all kinds of property. The rains have
been followed by clearing and much
colder weather, accompanied by high
winds.

Worst of the Flood Over.

Pittsburg, Dec. 30.—The threatened
flood as a result of the heavy rainfall
of Saturday and Sunday has been
averted by a cold snap and rivers at
this point will not reach over the 20
foot stage.

An ice gorge was forced between
the Fort Wayne bridge piers by an im-
mense volume of water and some false
work under the new bridge was torn
away, but the structure was not dam-
aged. About 25 loaded coal barges ly-
ing along the bridge on the Allegheny
side were torn from their moorings
and forced upon the river avenue.
They were badly damaged as was con-
siderable freight in cars along the
Pittsburg and Western railroad tracks.
The loss to property will amount to
several thousand dollars. The river is
rapidly being cleared of ice and no
more damage is expected.

Freshet in the Schuylkill.

Philadelphia, Dec. 30.—The rain
which has fallen almost incessantly
since Saturday evening has resulted in
dangerous freshets in the Schuylkill
river. All of the big industrial plants
along the Schuylkill at Mana Yunk
and Norristown, near here, are flood-
ed and work has been suspended. Traf-
fic has not yet been seriously handi-
capped. In this city the river is out
of the banks near the Baltimore and
Ohio railroad station. Cellars of
dwellings are flooded and many resi-
dences along the river had to seek
safer quarters.

Three Inches of Rain.

Chattanooga, Tenn., Dec. 30.—An av-
erage of three inches of rainfall over
the Tennessee river basin since Sat-
urday has sent the water over 33 feet
to the danger line here. The water is
still rising at the rate of four inches
an hour. Tennessee flood warning ser-
vice announces the river will go over
40 feet. Merchants in the business
section of the city are removing all
goods from their basements in expec-
tation that they will be flooded.

Train Service Crippled.

Asheville, N. C., Dec. 30.—The storm
the past two days has played havoc
with the train service. Traffic from
the west on the Southern railway has
been completely blocked since Sunday
morning. The track has been washed
out at several places on the Murphy
division. Trains on the Asheville and
Spartanburg division are waterbound
at Campobello.

Trains in Alabama Delayed.

Montgomery, Dec. 30.—All outgoing
trains from Montgomery are delayed
on account of washouts. On the Lou-
isville and Nashville a passenger train
from the south ran into a washout
near Bushy creek. The engine and
postal and baggage cars dropped off
the track into the washout, but no one
was hurt.

Ship's Perilous Voyage.

New York, Dec. 30.—One hundred
and thirty-seven days at sea, during
which time two of her crew were bur-
ied and a score or more of gales en-
countered to imperil the lives of the
survivors, is the record of the ship
Paul Revere, which has just arrived
from Japan via Cape Horn. Aug. 14,
the Revere, of which Capt. Wilson is
the skipper, sailed away from Kobe
for New York.

Dr. Mackle Seriously Ill.

New York, Dec. 30.—Dr. Jas. Snyder
Mackle is ill at his home at Newark,
N. J., the result of an attack of ap-
oplexy, and physicians say he cannot
recover. Dr. Mackle is 77 years old.
He was born in Cincinnati in 1824, and
has lived in Newark since 1864. Un-
der President Lincoln he was United
States commissioner to Bolivia and
Chili.

An Engineer Killed.

Memphis, Dec. 30.—D. M. Ray, a
locomotive engineer, was shot and
killed on a Yazoo and Mississippi Val-
ley train near Leland, Miss., by four
men who subsequently forced the en-
gineer in charge of the cab to cut loose
the engine and take them to Cleve-
land. Ashley Cock, A. M. Phipps,
Blackman and Lauderdale are under
arrest charged with the murder.

Frank Peavey Dead.

Chicago, Dec. 30.—Frank H. Peavey,
the Minneapolis elevator man, died at
the Auditorium annex here. Mr. Peavey
was stricken with pneumonia sev-
eral days ago, and only Sunday his
physician felt confident that he would
recover.

British Loss Still Growing.

London, Dec. 30.—The war office has
issued a further list of British casual-
ties at Zeefontein, showing 50 men
wounded and 246 made prisoners. The
latter have all been released.

ROBBED OF DIAMONDS.

Paul Thebaud Loses \$50,000 Worth of
Jewelry at New York City.

New York, Dec. 30.—Mr. and Mrs.
Paul G. Thebaud, of Madison avenue,
were robbed Sunday of jewelry worth
\$50,000. This was corroborated by Mr.
Thebaud himself at the headquarters
where, in company with a member of
the firm from whom most of the jew-
elry had been stolen, he gave to the po-
lice a partial list of the jewels taken.
The robbery is said by the police, and
also by Mr. Thebaud, to have been the
work of a newly engaged valet who
had been employed by Mr. Thebaud
but two weeks. The valet is missing,
and the butler, who recommended him
is under police surveillance.

Will Represent the United States.

Washington, Dec. 30.—Hon. J. L. M.
Curry of this city has been selected by
the president to represent the United
States at Madrid on the occasion of the
"coming of age" of the young King
Alfonso XIII on May 17. Dr. Curry
was the United States minister to
Spain from 1895 to 1899, the first ad-
ministration of President Cleveland.
He was present in his official capac-
ity at the palace when the king made
his advent into the world. Mrs. Curry
will accompany him.

Boer Meeting at Topeka.

Topeka, Dec. 30.—Two thousand
people attended a pro-Boer meeting
here Sunday, and resolutions urging
England to invite the president of the
United States and the ruler of Den-
mark to act as arbitrators in the set-
tlement of the war were adopted.
The resolutions were cabled to Lon-
don. Addresses were made by David
Overmeyer, General J. K. Hudson and
others.

Charged With Being a Trust.

Columbia, S. C., Dec. 30.—South Car-
olina, through her attorney general,
has begun suit against the Virginia-
Carolina Chemical company, charging
it with being a "trust" and monopoly.
Under the same act that this suit is
brought six of the largest South Car-
olina phosphate companies that have
been purchased by the Virginia-Carol-
ina Chemical company are sued in the
same action.

Smallpox on a Train.

Paris, Tex., Dec. 30.—A Choctaw In-
dian from near Goodland, I. T., came
in on the Frisco Friday morning with
a fully developed case of smallpox. He
was taken charge of by the authorities.

Cotton Destroyed by Fire.

Hope, Ark., Dec. 30.—Between 800
and 1000 bales of cotton burned here
at the Planters' warehouse on the rail-
road platform adjoining. Loss \$50-
000.

NEWS IN BRIEF.

Ike Thomas, a nero, was run over
by a Santa Fe passenger train and killed
near Paris, Tex.

Eddie Boden, aged 12 years, has lost
both eyes as the result of a firing a toy
cannon on Christmas morning.

Three young girls were arrested
near Paris, Tex., charged with being
boisterous on Christmas night.

J. R. Nobles of Blue ridge, Tex.,
took an overdose of morphine and
died from the effects.

The body of an unknown negro was
found floating in the Neches river at
Beaumont, Tex.

In a drunken fury William Boles of
Irvine Depot, Ky., shot and killed his
father and mother.

Governor Odell of New York is op-
posed to saloons being opened on Sun-
days and will try to have a law pass-
ed to that effect.

Itasca, Tex., has voted for a special
school tax. The vote being 164 for and
157 against.

Will Mayfield, a laborer of Rose-
pine, La., was struck by a Kansas
City Southern passenger train and
fatally hurt.

The 5-year-old son of John Sparks
of Grandview, Tex., was kicked by a
horse and died soon afterwards.

T. C. Adams, a farmer living near
Midyett, Tex., shot himself in the head,
dying instantly.

Ike Richardson, living near Cle-
burne, Tex., took a 40-pound water-
melon to town and sold it to a mer-
chant.

William Abrams, living near Potts-
boro, Tex., dropped dead from heart
disease.

G. Herbert Brown of Houston, Tex.,
and editor of the Houston Chronicle,
died in that city of pneumonia.

New York City is to have a 20-story
hotel to cost over \$3,000,000.

A section crew on the San Antonio
railroad was run down by a passen-
ger train and one Mexican killed.

Mrs. Ross of Hicto, Tex., has given
birth to the third pair of twins. The
two first were boys, the last was girls.

J. C. Galbraith of Bonham, Tex.,
was run over and killed while switch-
ing at that place.

Four new rice mills will be built in
Louisiana in time to handle the next
rice crop.
